Address: **931, Monteagle**  
Price: **80.00 \$**

I have a 100 % brand new, never before opened  
Nutri Ninja 1200 watt Compact System up for grabs.

It's a great addition to any kitchen as a Food Processor, Juicer Combo and has unmatched versatility also coming with a separate juicer/ blender add on that can break down whole fruits and seeds.

This particular model comes with an extra Nutri Ninja Cup and a dough kneading accessory.

The few offered refurbished systems on Amazon sold for around \$120-\$200.

I would be agreeable to trade as well. for some items I'm searching for a like new/gently used VR Headset with remote or a large Bluetooth Speaker that has a power cord that can be plugged in the wall and has an SD card slot.

\*\*This model is now discontinued but you can order replacement parts via Amazon and the manufacturer's website.\*\*

Thank you in advance for your interest and have a blessed day ~
